

BAKER TILLY PROFILE

This section presents our proposition in providing quality services by applying the right combination of experience, approach and team. It also highlights our capability statement and our service sectors.

WHO WE ARE

Baker Tilly International member firms demonstrate a high professional standard, as well as a strong commitment to the network's core values of integrity, leadership, transparency and ethics. Each member firm offers outstanding personal service combined with the expertise, strength and resources of a truly global network to support our clients as they grow regionally and globally.

BAKER TILLY GLOBAL STATUS

Baker Tilly International is one of the world's leading networks of independently owned and managed accountancy and business advisory firms united by a commitment to provide exceptional client service.

Every day, 30,000 people in 147 countries share experiences and expertise to help privately held businesses and public interest entities meet challenges and proactively respond to opportunities. International capability and global consistency of service are central to the way we work.

Baker Tilly International is structured as a global network of independent firms owned and operated locally in countries worldwide. This model provides a platform that allows members to share knowledge, skills and resources to deliver global services of a consistently high standard to international and local clients, whilst maintaining the personal attention and partner involvement upon which we pride ourselves.
